Who We Are

Mess Makers Club is all about letting kids be kids, messy, curious, creative and completely immersed in play.

We bring our signature mix of slime, potions and sensory magic to schools, private/corporate events, family days, all sorts of community events, shopping centres, day cares and more.

Founded by a mum of two and a passion for all things messy, our experiences are fun-filled and developmentally beneficial.

It's a crowd favourite for a reason.
