WHO WE ARE

The Messy Club creates hands-on creative experiences that bring people together through making, creating and exploring.

Whether it's slime making, crafting, charm bars, patch bars, flower bars or something completely custom, our experienced team takes care of everything from setup to pack down. Every experience is designed to be engaging, interactive and memorable, with guests leaving with something they've proudly created.

Founded by a mum of two with a passion for creativity, we're all about inspiring imagination, encouraging connection and creating moments people remember long after the event is over.
